

Fund subscriptions made easy

With automated subscription technology

Fundraising doesn't have to be frustrating for you and your LPs. Funds use Anduin's technology to reimagine their LP experience, save time, and raise more at a lower cost.

Increased efficiency

Distribute offering documents in seconds and collect accurate subscriptions while tracking your LP progress in real-time, facilitating proactive communication.

" Setting up Anduin was really easy and my LPs loved the online subscription experience. "

Dan Scholnick
Four Rivers Group

Outstanding LP experience

A simplified digital subscription process for your LPs brings clarity and efficiency to a previously arduous task, helping you to build solid, long-lasting relationships.

" Anduin has allowed us to streamline our processes and has provided a level of consistency, efficiency, and clarity for us and our LPs."

Lindsay Valdez
Caduceus

Reduced costs

By reducing "Not In Good Order" submissions and making collaboration between your team and LPs easier, the time spent with lawyers is drastically reduced.

" Anduin saves my team, our lawyers, and our LPs loads of time. "

Jake Gibson
Better Tomorrow Ventures

Say goodbye to emails, attachments and endless back and forth

Dedicated form digitization

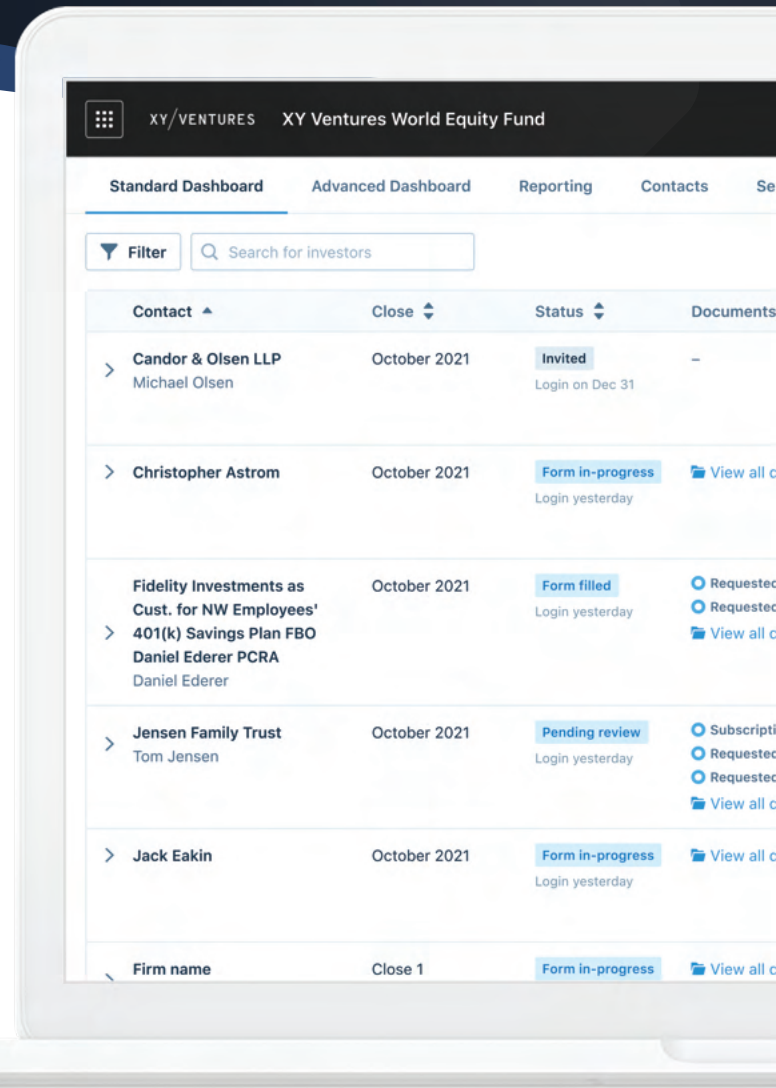

Up to 80% of subscription documents are submitted with errors. Our dedicated service converts your subscription documents into smart forms; the embedded conditional logic and validation prevents user error and hours of back and forth.

Faster, more accurate LP subscriptions

Investors only see questions that are relevant to them and can complete tax forms, upload KYC/AML documents, as well as electronically sign and submit their subscription package

Real-time progress tracking

Track LP progress and capital commitments, collaborate with teammates or directly with your fund admin, and easily access or export investor data and documents.

Security

Data is encrypted, storage is secure, and access is strictly controlled.

Customization

Anduin works with any type of fund, documents, and investors.

Integration

Our API allows integration with CRMs, fund admin tools and more.
